

2,4-DB plus Diuron

See individual components, 2,4-DB and Diuron flowable, for label information.

Rates quoted in HerbiGuide are for a 1000:100 mix.

A rate of 1100 mL/ha is equivalent to 1000 mL 2,4-DB(400 g/L) plus 100 mL/ha of flowable Diuron(500g/L)

Acknowledgments:
